

## PROGRAM CONGRES

### 5 NOIEMBRIE 2021 – ZIUA 1

08.45 – 09.00 Cuvant de deschidere – Prof. Dr. Alina Tanase

#### Sesiunea 1

09.00 – 12.00 Activitatea de transplant medular in Romania- comunicari stiintifice

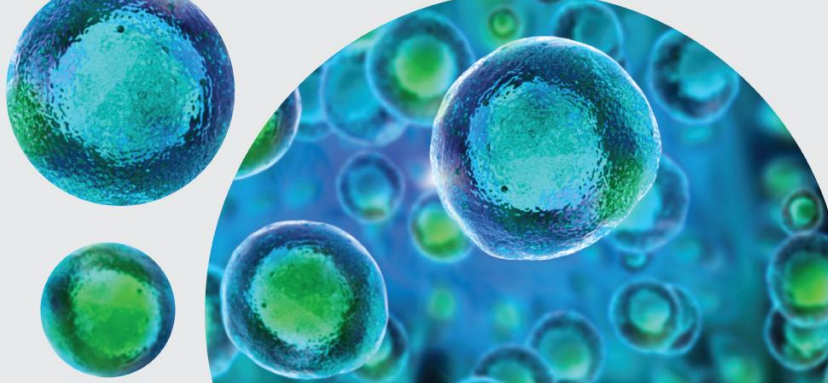

**Moderatori: Prof. Dr. Alina Tanase, Prof. Dr. Anca Colita**

1. Autotransplantul in Mielomul Multiplu- experienta centrului de transplant Iasi – Roxana Dumitru, Elena Dolachi, Antohe Ion, Angela Dascalescu, Centrul de Transplant Iasi
2. Solutii practice pentru mobilizarea pacientilor politratati cu limfoame maligne si mielom multiplu - Judith Beata Kopeczi, Kakucs Eniko, Erzebet Lazar, Centrul de Transplant Tg Mures
3. Allo transplantul in Anemia Aplastica la adulti- rezultatele ICFundeni – Oana Craciun, Centrul de Transplant ICFundeni Bucuresti
4. Rezultatele HSCT in LAM la copil – Anca Colita, Centrul de Transplant ICFundeni Bucuresti
5. HSCT in LAL la copil – experienta ICF – Cristina Jercan, Centrul de Transplant ICFundeni Bucuresti
6. Impactul pandemiei cu SAR COV 2 in practica de transplant de celule stem hematopoietice – Experienta Spital Coltea - Andrei Colita, Centrul de transplant Spitalul Coltea, Bucuresti
7. Infectia cu SARS COV 2 la pacientii posttransplant de celule stem hematopoietice - Adela Ranete, Centrul de Transplant ICFundeni Bucuresti
8. Reactivarea virala postautotransplant - Horia Bumbea, Centrul de Transplant Spitalul Universitar, Bucuresti
9. Rolul Laboratorului De Histocompatibilitate In Selectarea Donatorului De Celule Stem Hematopoietice Pentru Haplotransplant – Ruxandra Caisan, Monica Dutescu – Institutul National de Hematologie Bucuresti
10. Leucemia acuta limfoblastica refractara/recazuta – tipuri de tratament – Mihaela Andreescu, Spitalul Colentina Bucuresti
11. Provocarile in managementul cazurilor cu boala de grefa contra gazda la pacientii cu allotransplant din IRO Iasi – Elena Dolachi, Antohe Ion, Roxana Dumitru, Angela Dascalescu, Centrul de Tranplant Iasi
12. The Predictive Role of Modified Early Warning Score in 174 Hematological Patients at the Point of Transfer to the Intensive Care Unit - Catalin Constantinescu, Ciprian Tomuleasa, UMF Cluj Napoca

# CONGRESUL NAȚIONAL AL SOCIETĂȚII ROMÂNE DE TRANSPLANT MEDULAR

5-6 NOIEMBRIE 2021

COORDONATOR: PROF. DR. ALINA TĂNASE, PREȘEDINTE SRTM

## 12.00 – 12.30 **Sponsored Symposia (Jansen)**

Perspective terapeutice actuale pentru pacientul cu mielom multiplu eligibil pentru transplant  
– Conf. Dr. Horia Bumbea

## 12.30 – 12.50 **Sponsored Symposia (Takeda)**

ADCETRIS – terapie standard in consolidarea post-TCSA – Conf. Dr. Andrei Colita

## 12.50 – 13.05 **Sponsored Symposia (Amgen)**

Blinicyto – Complete remission may be within reach - Prof. Dr. Anca Colita si Dr. Cristina Jercan

## 13.05 – 14.00 **Pauza de pranz**

## Sesiunea 2

### 14.00 – 16.30 **Sesiune educationala – ce este nou in 2021 in TCSH?**

**Moderator: Prof Dr. Gabriel Ghiaur (Johns Hopkins University School of Medicine, Baltimore)**

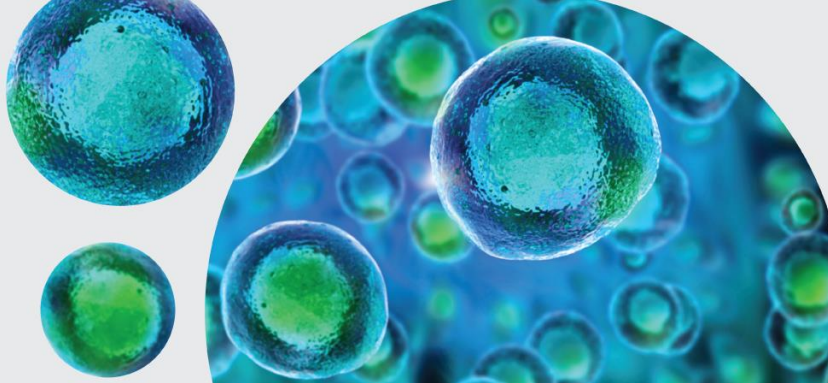

14:00-14:30 Haploidentical transplantation in Aplastic Anemia – Prof. Dr. Amy Dezern, Johns Hopkins University School of Medicine, Baltimore

14:30-15:00 HSCT in elderly – Prof. Dr. Philip Imus, Johns Hopkins University School of Medicine, Baltimore

15:00-15:30 Role of BMT in IDH mutant AML – Prof. Dr. Alexander Ambinder, Johns Hopkins University School of Medicine, Baltimore

15.30 – 16.00 Future directions in haploidentical transplant – Prof. Dr. Shannon McCurdy, Hospital of the University of Pennsylvania

16.00 - 16.30 Update on Transplantation for MDS – Prof. Dr. Stefan Ciurea, University of California, Irvine

## **16.30 – 17.30 Sponsored Symposia MSD**

Practical aspects of CMV prevention after HSCT - session moderator Prof. Dr. Tanase Alina

16:30-16:45 - Current approach to CMV prevention after HSCT - Dr. Varady Zsofia

16:45-17:00 - How do I manage CMV in my center? - Prof. Sinko Janos, Budapest

17:00-17:20 - Let's share clinical practice - Prof. Janos Sinko, Dr. Varady Zsofia

17:20-17:30 - Discussion and Q&A

## **17.30 – 18.00 Sponsored Symposia (PFIZER)**

"The treatment landscape overview in R/R B-ALL" - Prof. Dr. David Marks (Director of Bone Marrow Transplant Unit – Bristol, UK)

## **18.00 – 18.20 Sponsored Symposia (BMS)**

Angajament prin stiinta pentru pacientii cu mielom multiplu / Commitment though science for multiple myeloma patients – Conf. Dr. Andrei Colita

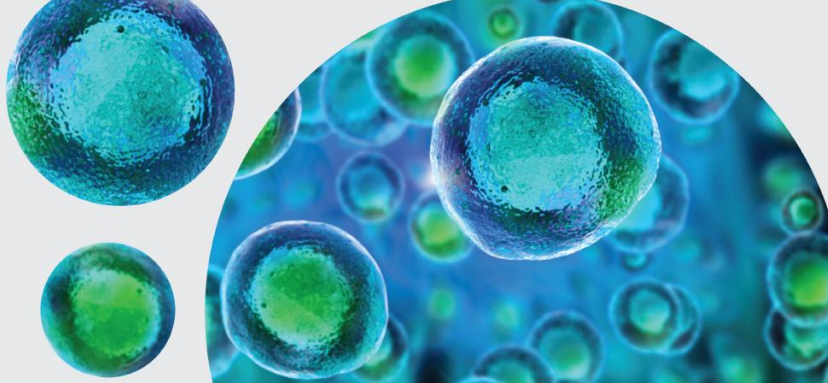

## **18.20 – 18.40 Sponsored Symposia (BMS)**

Luspatercept în terapia anemiei SMD – de la teorie la practică / Luspatercept in the treatment of anemia in MDS - from theory to clinical practice – Prof. Dr. Anca Lupu

## **18.40 – 19.25 Sponsored Symposia (NOVARTIS)**

CAR-T cell therapy – sharing UPenn experience in treating r/r ALL and r/r DLBCL - David L. Porter, MD (Perelman Center for Advanced Medicine, University of Pennsylvania)

## **19.25 Inchiderea lucrarilor primei zile**

## 6 NOIEMBRIE 2021 – ZIUA 2

### SALA 1

#### Sesiunea 3

09.00 - 10.00

**Masa rotunda: Immunology and Immunogenetics of Bone Marrow Transplantation: which way to go ?**

**Moderator: Prof. Dr. Ileana Constantinescu**

1. Challenges in chimerism analysis for graft function monitoring after haematopoietic stem cell transplantation. - Andreea Caragea, Adriana Talangescu, Mirela Iacob, Ana Moise, Ion Maruntelu, Adela Toader, Alina Tanase, Anca Colita, Ileana Constantinescu
2. Could HLA alleles be a genetic pattern for chronic lymphoproliferative diseases - Maria Tizu, Andreea Caragea, Adriana Talangescu, Mirela Iacob, Ileana Constantinescu
3. HLA gene polymorphism : clinical significance in bone marrow transplantation - Fundeni Centre for Immunogenetics. Twenty years experience. Ileana Constantinescu, Ana Moise, Larisa Visan, Adela Toader, Daniela Nedelcu, Anca Colita, Alina Tanase.

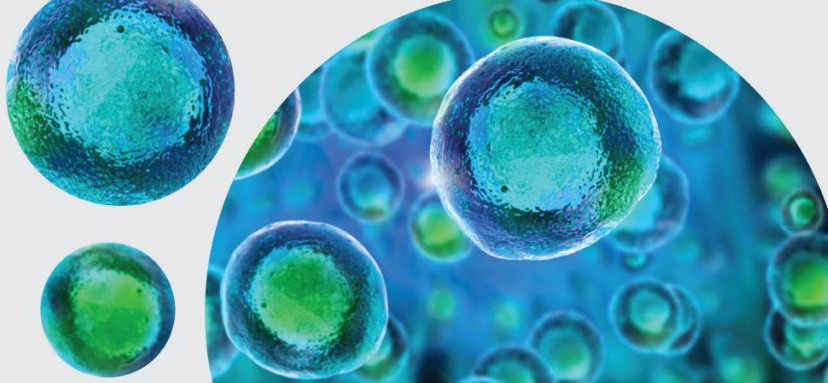

#### Sesiunea 4

10.00 – 11.00

**Sesiune educationala - Limfoamele maligne recazute/refractare – indicatii/contraindicatii de transplant de celule stem hematopoietice**

- Limfomul Hodgkin- Conf. Dr. Andrei Colita
- Limfoamele nonHodgkiniene – Dr. Angela Dascalescu
- Limfoamele pediatrice – Prof. Dr. Anca Colita

## Sesiunea 5

**11.00 – 13.30**      **Sesiune educationala - Terapia cu CAR-T – prototip de terapie personalizata**

**Moderator: Prof. Dr. Alina Tanase**

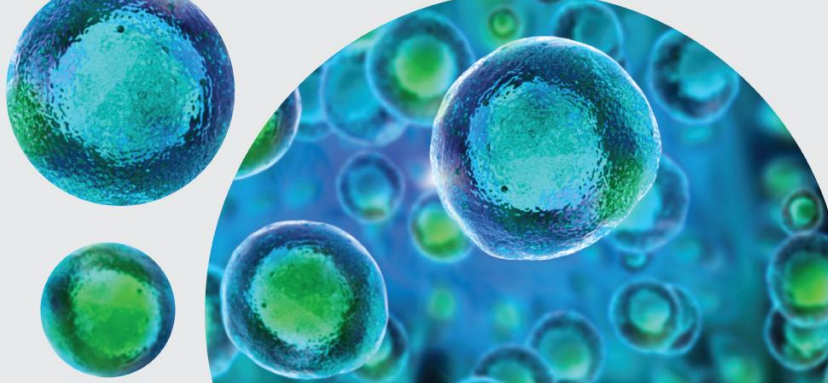

- CAR – T in LAL refractor/recazut la copii – Prof. Dr. Anca Colita
- Criterii de eligibilitate pentru terapia CAR T – Dr. Lavinia Lipan
- Monitorizarea efectelor adverse CAR -T – Prof. Dr. Alina Tanase

**13.30 – 14.00**      **Pauza de pranz**

## Sesiunea 6

**14:00 – 18:00**      **Sesiunea de asistente medicale**

- 14.00 – 14.20      Complicatiile Alotransplantului - As.Med. Radu Adriana, Buzatu Adriana, TRANSPLANT MEDULAR IC FUNDENI
- 14.20 – 14.40      Necesitatea evidentei unui registru national de donatori voluntari de celule stem hematopoietice (RNDVCSH) pentru identificarea donatorului neinrudit compatibil - Claudia Bacu, Oana Maria Cretu, Elena Albu
- 14.40 – 15.00      Suportul transfuzional la pacientii din HSCT - As.Med Macoveanu Dumitru, Moldoveanu Mihaela, IC FUNDENI Transplant Medular
- 15.00 – 15.20      Probleme de fertilitate posttransplant - Gabriele Popa, Maria Florentina Ticau, Transplant Medular Iasi
- 15.20 – 15.40      Chimioterapia- preparare si administrare in conditii de siguranta - Georgiana Dragomir, Bucur Alexandru, Tudor Georgeta, Transplant Medular -IC FUNDENI
- 15.40 – 16.00      Ingrijirile suportive in perioada post transplant CSH - Tibirna Roxana, Bacu Claudia, Zota Ionela , Transplant Medular Iasi
- 16.00 – 16.20      Ingrijiri specifice aplicate pacientilor cu transplant medular pe perioada inernarii in sectia de transplant - Nae Aura, Tudor Georgeta
- 16.20 – 16.40      Autotransplantul - As.Med. Gherghe Aly, Mina Anca, IC FUNDENI Transplant Medular
- 16.40 – 18.00      Influenta COVID 19 asupra activitatii de transplant medular - discutii libere

## SALA 2

### Sesiunea 7

- 14:00 – 18:00**      **“Ghidul medicului de familie în transplantul medular” curs pentru medicii de familie**  
**Moderator: Prof. Dr. Alina Tanase, Dr Aurora Dragomiristeanu, Andrei Gandrobur**
- 14.00 -14.30      Transplantul de celule stem hematopietice – principii, procedura, indicatii – Prof. Dr. Alina Tanase
- 14.30 -15.00      Donarea de celule stem hematopietice – principii, metode de donare – Dr. Alexandra Ionete
- 15.00 – 15.30      Ce inseamna sa fii donator de celule stem? Cum sa te inscrii in Registrul National al Donatorilor de Celule Stem Hematopietice (RNDVCSH) - Dr. Florianda Neagu
- 15.30 – 16.00      Evaluarea donatorilor de celule stem hematopietice – Dr. Anca Isac, Conf Dr Smaranda Arghirescu
- 16.00 – 16.30      Rolul medicilor de familie in promovarea donarii de celule stem – Dr Aurora Dragomiristeanu
- 16.30 – 17.00      Vaccinarea pacientilor si donatorilor de celule stem hematopietice – Dr. Varady Zsofia
- 17.00 – 17.30      Potentialele servicii pe care le pot furniza medicii de familie pentru donatorii si receptorii transplantului de celule stem hematopietice – Dr. Aurora Dragomiristeanu
- 17.30 -18.00      Asociația Română pentru Donarea de Celule Stem (ARDCEL) - orice pacient poate sa-si gaseasca donatorul compatibil - Andrei Gandrobur
